**Education:**

2010-2015 Belarusian National Technical University, civil engineering, Industrial and Civil Engineering

**Qualifications:**

21.04.2017 «HTML+CSS» course at the TeachMeSkills

29.06.2017 «JavaScript» course at the TeachMeSkills

**Key skills and competences:**

HTML

CSS:

SCSS

JavaScript:

ES5, ES6,

jQuery,

Angular (2.x)

Git

**Personal qualities:**

Responsible, able to work in a team, accurate, an analytical mind-set, commitment to continuous learning and skill development.

**Language skills:** English – Intermediate.

**Work experience:**

I have no programming experience on real commercial projects. But at the moment I'm involved in the development of a large open source project. Also, the last 3 years of experience as a construction engineer is very useful, because it requires the same skills as the software developer.
